Call for Papers

The First Asian Control Association (ACA) Symposium on Data-driven Control and Computer Vision (ACA-SDCCV) will be held in conjunction with the Australian and New Zealand Control Conference (ANZCC2021) at the Gold Coast, Queensland, Australia, from 25 to 26 November 2021.

ACA-SDCCV will provide a forum for Asian researchers, students, control systems engineers, and computer scientists from universities, industry, research agencies and government organisations to exchange ideas and recent results, as well as discuss current problems arising in control engineering and computer vision research and industrial practice. International contributions are encouraged and will be solicited for. This symposium aims to advance the recent progress in all aspects of Control and Computer Vision trying to explore the applications as well as new problems arising in practice.

The following types of contributions are sought:

Contributed manuscripts: 3 - 6 pages

Practitioner manuscripts: 2 – 6 pages

Invited Session Proposals:
 Up to 2 pages long submission comprising of:
  Title of the invited session including justification of the session topic
  Title and an abstract of each invited manuscript; and
  Names and affiliations of the invited manuscript co-authors.
Invited Session Manuscripts:
  Invited session manuscripts should follow the same format and page limitations as contributed manuscripts and their acceptance will be subject to the same peer review process.

Proceedings of the first ACA Symposium on Data-driven Control and Computer Vision (ACA-SDCCV) will be published in the IEEEXplore.

Technical sponsorship is being sought from the Asian Control Association (ACA), IEEE Control Systems Society, International Federation of Automatic Control (IFAC), and ANZCC Steering Committee.
